Back again for their 17th tour, The five-person Fabulous Chinese Acrobats are once again poised to bring your school the ultimate assembly program experience. Each year, The Bureau of Lectures insures that a new troupe of acrobats skilled in all new routines is on tour. This coming year promises some of the most talented acrobats we have ever seen. This means that if your school has had the acrobats perform in the past, even as recently as last year, we will be bringing an entirely new show to your door. As always, the acrobats will combine astounding feats of skill, focus, and athleticism with teaching moments of Chinese culture, language, and history.

*“Extraordinary! This group is amazing. Their strength, flexibility, and talent is unbelievable. This is the only program we have ever had at our school that was truly age appropriate for grades K-12. They are truly one of a kind.”*

*– Christy Wallace, Art  
Teacher, Sandersville, GA*

*After 17 years, the Bureau of Lectures feels comfortable saying this is the best assembly program in America.*

*"They were wonderful! Engaged the audience and kept everyone on the edge of their seats the entire show. We also really appreciated the segments on Chinese culture, as we built an international day around the performance. They were a treat to work with and I would highly recommend this assembly to anyone. It was an incredible value."*
